## Praise for Meachum

1/7/86

I have read the *Frederick Post* since moving to the Thurmont area some 20 years ago. I have enjoyed your editorials, though not always agreeing with them.

I enjoy Meachum's columns and they come first after the headlines. I don't agree with all his views either, but he has done a lot to liven up the *Post*, and make it more interesting.
